

# THE STOPPER<sup>®</sup>

## Foot & Corner Shield

- Prevents holes, rips and tears in sterilization wrap from heavy and sharp corner trays
- Does not retain moisture
- Validated for use in steam, ETO and plasma (sterrad) sterilization
- Eliminates “Bottoming Out”  
*Flattens when placed under heavy trays*
- Designed to accommodate large, elevated, offset or recessed feet. Especially effective on large loaner trays and other large surgical trays
- Large flexible edge guards accept round corner trays
- Reduces sterilization (blue wrap) use
- Recyclable, environmentally friendly
- Low cost and very economical to use

Made in USA • CE  
Non-Sterile • Latex-Free  
5 Bags per case • 100 Units per bag
